

How to trade \$CNAME on Pancakeswap (CNAME/BUSD)

1. Go to <https://pancakeswap.finance/swap>

On the right panel select the first coin (it should be BNB).

When clicked it will show a window

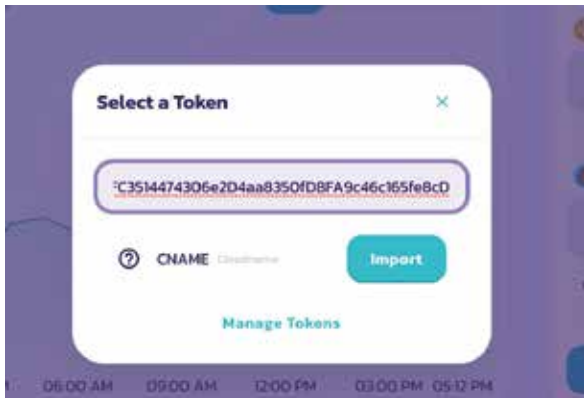

2. The token is not yet listed, you have to add it.

Click on the text area where its written "Search name or paste address"

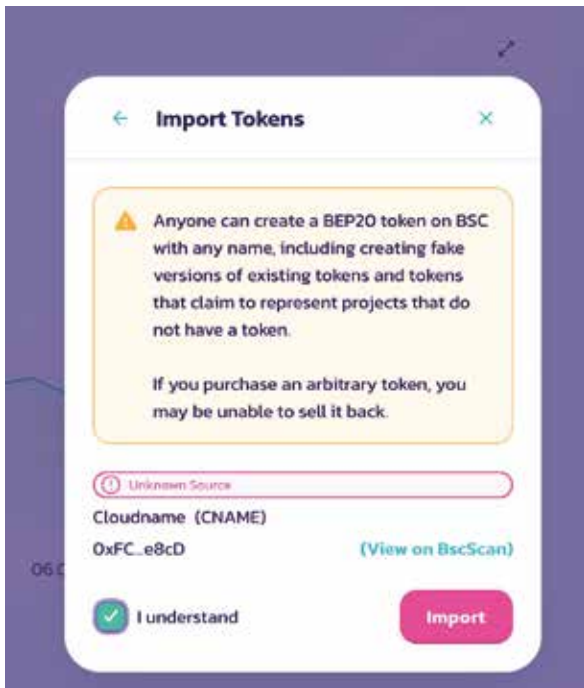

3. Past the address:

`0x1c3514474306e2d4aa8350fd8fa9c46c165fe8cd`

PAY ATTENTION it must end with **e8cd**, its the CNAME token on the BSC.

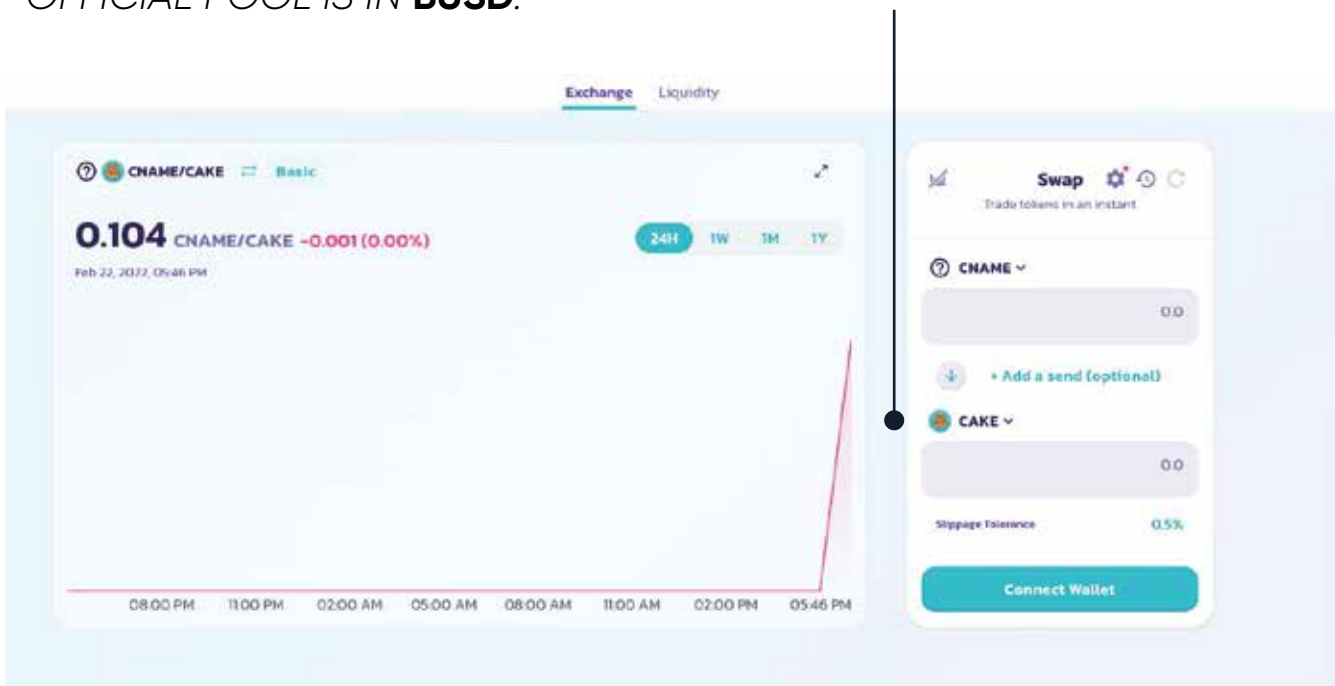

4. The CNAME token will appear
click on import

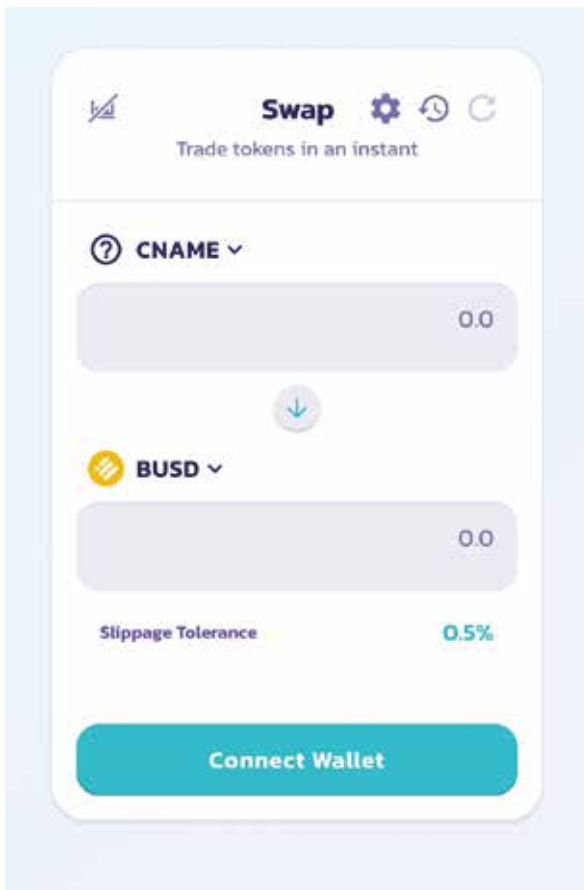

5. A warning message will appear
Accept by checking "I understand"

6. The CNAME token will be added

*THEN you need to set up as other token the **BUSD**, REMEMBER OUR OFFICIAL POOL IS IN **BUSD**.*

7. After adding the BUSD you will see something like this

You can then choose the cname you want to buy and you are set to go!
